

Matthew Rhodes

Software Developer

Summary

Matthew Rhodes

San Diego, CA | Remote

mrhodes415@gmail.com

<https://www.linkedin.com/in/rhodesmt>

<https://github.com/rhodesmt>

Software Developer experienced in both backend and frontend design with Ruby, JavaScript, who possesses a strong ability to learn high-concept topics and skills quickly and effectively. Passionate about problem-solving complex issues discovered while serving in the Navy as a Submarine Sonar Technician. Learning to identify, classify, and track dozens of individual types of ships through sound and create a visual picture of the area was crucial in the ship's ability to safely navigate the seas. Looking to begin a career as a software developer with a company that's exciting, innovative, and strong mentorship-focused management.
